

Design For Life.

Thank you.

We are Boss Design.

Coza

Est.1983.

Boss Design are proud to be one of the market leading designers and manufacturers of high quality seating, upholstery and tables. Our products are manufactured from our factory at High Point, NC and we lead by example through the delivery of an intelligent and evolving portfolio. Design is at the heart of everything we do and we are delighted to share some of the worlds most recognised designs with you.

Sit back, relax and take time to have a look at who we are . . .

Product Profile

Kruze

Designed by David Fox

Possessing presence and panache, the highly versatile Kruze chair will complement a range of environments and draws the eye to its elegant form. The gently sculpted contours and generous proportions, promise outstanding sitting comfort, while the choice of fully upholstered or with contrasting Black American Walnut outer veneer, makes it adaptable for relaxed or more distinguished areas.

The Kruze collection is the ideal solution for a variety of applications and is available with either a recycled aluminum 4-star or 5-star base on castors. Kruze is also available with a painted lacquered finish to satisfy our clients exacting requirements.

Alexa

Designed by Boss Design

Alexa is the ultimate executive chair and sofa collection. Sophisticated, sleek and with an echo of minimalist design, Alexa is a bold addition to the Boss Design portfolio ideally suited to corporate reception and executive lounge areas.

The collection comprises of an armchair, a two-seater sofa and three-seater sofa that all demonstrate excellent attention to detail and superior upholstery with twin needle stitch detail. Fully upholstered in any fabric or leather, Alexa is the perfect statement piece guaranteed to impress visitors and employees alike.

Marnie

Designed by Boss Design

An exciting fusion of elegant design, premium upholstery and attention to detail, Marnie is a lounge chair collection which embodies luxury and style. This understated collection features a high and low back arm chair, with its full body and angular back shape lending itself perfectly to versatile upholstery.

Marnie's exceptional level of comfort and considered proportions makes it the ideal choice for breakout and reception areas, as well as hospitality lounges.

Agent

Designed by Boss Design

An incredibly hard-wearing and robust construction. This versatile offering is ideal for meetings, boardrooms, breakouts and visitor seating. To achieve the comfort levels for which Lyndon is renowned, both the dining chair and bar stool incorporate a generous scoop to the seat, whilst the lounge chair offers a slight back recline. A frame in Black American Walnut or European Oak is complemented by fine fabric upholstery in a range of colors.

As Seen

Mr+Mrs

Designed in-house, the handcrafted Mr. & Mrs. wing chairs pay respectful homage to their stately grandeur, whilst incorporating contemporary touches that make them suitable for today's hospitality and boutique hotel environment, and even the corporate arena. Designed to sit amiably alongside sofas and other furnishings, both chairs may be used as standalone pieces to make a bold design statement.

Both the height of the wing chairs and their corresponding details has been a careful consideration in the design appeal and personality of this duo. Whilst the high backed version offers a masculine feel with full under frame, full seat and wooden buttons, the low-backed chair comes complete with loose cushions, border, fabric buttons and leg detail. Such is the flexibility of this range that the detail from both chairs may be transferred to each other, if preferred.

Coza

Designed by DESIGN BALLENDAT

Created in collaboration with renowned German furniture designer, Martin Ballendat, Coza is a task chair that boasts extraordinary comfort and dynamic support by using the natural flexibility of a single ribbon of material. Unlike other task chairs, it does not require multiple components or complex assembly.

Coza is visually and functionally unique, and is the perfect chair to facilitate flexible working in a modern office.

Cocoon

Designed by Boss Design

Based around one simple unit, Cocoon can be used for team meetings, collaborative tasks or a base for the day.

It aims to combine the sit and posture of a traditional desk and task seat, with the comfort and feel from a sofa. The high sides, back and roof provide total privacy from the surrounding environment without the need for interior sub structures.

Myriad

The Future

Infinite Possibilities

A modular system built for anyone, anywhere, adapting and evolving. Throw some shapes and see what it can do for you.

With the increasing need for your furniture to be flexible, Myriad allows you to create a comfortable meeting area, private huddle space or a stunning island. The possibilities are truly infinite with this versatile range.

Our range

Myriad is a diverse selection of upholstered modular furniture, completely flexible and reconfigurable. The range is made up of eleven linkable seating units, three privacy screens, side tables and arms that accommodate power.

Intelligently designed using a solid wood frame, moulded foam and sprung webbing, outstanding seating comfort as well as robust durability is achieved.

Our talented in-house upholstery team deliver superior quality, giving you an infinite choice of fabric configurations and vibrant leg finishes guaranteed to revivify any interior space.

shape your workspace

You become the designer with Myriad, arranging modules to create any shape you desire. If you need help, our team is always on hand with suggestions to style your space.

Islands

Islands are great for people on the go. In a new era of mobile working, touchdown connectivity is key. Myriad's integrated power modules truly support the work anywhere philosophy.

Huddles

Two heads are better than one. We all know when people come together to communicate and collaborate, the best ideas are generated.

Chains

Make the most of your environment with a Myriad chain. Modules can be mixed, linked and easily moved around, offering you infinite possibilities for your dynamic and collaborative workspace.

N.B Myriad will be available in the US from October 2016

Boss Design announces new US President

Boss Design Inc. is pleased to announce that Jeff Thompson, formally of Humanscale, has joined its North American division as President over both Boss Design and Jack Cartwright Inc.

With over 18 years' experience within the furniture industry, Jeff brings with him a wealth of knowledge to help grow the Boss Design brand across North America.

Innovation and design are at the forefront of all the company sets out achieve and it is constantly exploring and developing new products and engineering in order to enhance the workplace even further.

Currently we are manufacturing a wide variety of task seating, soft seating and conference and meeting chairs from our High Point factory.

Please visit bossdesign.com to view our full collection.

Boss welcomes Jeff Thompson

Child&Co.

Child & Co. is one of the oldest private banking companies, being present in London since 1673. As the building is Grade II listed, when Boss Design undertook the challenge of installing fittings, careful consideration had to be undertaken to ensure historic features were restored. Adding stunning new light fittings and open counters made sure the end result was well received by both customers and staff.

British Airways

Boss Design has a long standing relationship with British Airways to service their lounge schemes globally.

In 2014, Boss Design were approached by the nominated BA design house, and asked to supply furniture for the new branded lounges. By working directly with the BA design team, Boss offered experience and knowledge from a global stand point giving BA the chance to refine and quantify the look and feel for the lounge seating options.

To date we have furnished BA lounges in Singapore, JFK, Amsterdam, Heathrow, Philadelphia and Washington.

New 2016 US product literature launches

Boss Design have launched US exclusive seating and tables brochures introducing the full portfolio of products available to the market. To get your personal copy email sales@bossdesign.com or visit our website to find out who your local rep group is.

Round Up

Clerkenwell Design Week, London, 2016

Each May the streets of Clerkenwell, London, come alive for a three day design festival. Clerkenwell is home to more creative businesses and architects per square mile than anywhere else on the planet, making it truly one of the most important design hubs in the world. Boss Design have exhibited at the festival each year since its inception in 2009 and 2016 proved to be the best yet. Launching two major new products for the brand, over the three days more than 1500 people visited the Boss Design showroom and in true Boss tradition we ended the week with a party for 400 of the industries leading architects and designers. We are already looking forward to next year.
