Description: PA6 glass-filled polyamide shell with a special "watermark" surface finish that gives the stool extraordinary three-dimensional optical and tactile effects.

The chair shells are available in white, black, red and grey.

Ø 11 mm chrome-plated steel rod frame with 4 translucent high-tech polymer feet screwed to the legs. The frame is assembled by connecting 4 screws to the 4 threaded metal bushings inserted directly inside the stool shell.

Kaleidos stools are fully recyclables
