An easy, flexible seating system, suitable for any space thanks to the infinite syntactic possibilities. CODE identifies an aesthetic-formal code of simple geometric signs that constitute an alphabet of informal seats: poufs and maxi poufs that are enriched with backs and integrated tables. The design is inspired by the new ergonomics linked to the lifestyles of today's people, and the contemporary language is integrated into domestic, work or waiting spaces. The reconfigurability of the combinations allows the use in solitary or in sharing for moments of relax, conversation, reading or internet surfing.
