true

This is a very flexible shelving system that can suit any type of space. With a simple shifting in the assembling of the shelves, a variety of possible configurations is available, different in terms of shape and dimensions: linear, on a corner or cross-shaped. The structure is made up of glossy steel, available in many different colours and can be combined with mdf shelves available with different veneering options.

Un sistema libreria flessibile capace di adattarsi ad ambienti e spazi diversi. Semplicemente sfalsando il montaggio delle mensole, è possibile ottenere configurazioni a lunghezza e forma variabili, sia lineari, che a croce, che ad angolo. La struttura portante è realizzata in acciaio verniciato lucido e le mensole in MDF. Disponibile in differenti combinazioni di colori e misure.
