3× Magnet

1× Eraser and marker

1× Hook

Can be placed on every wall,
at any height (4,5 cm intervals).
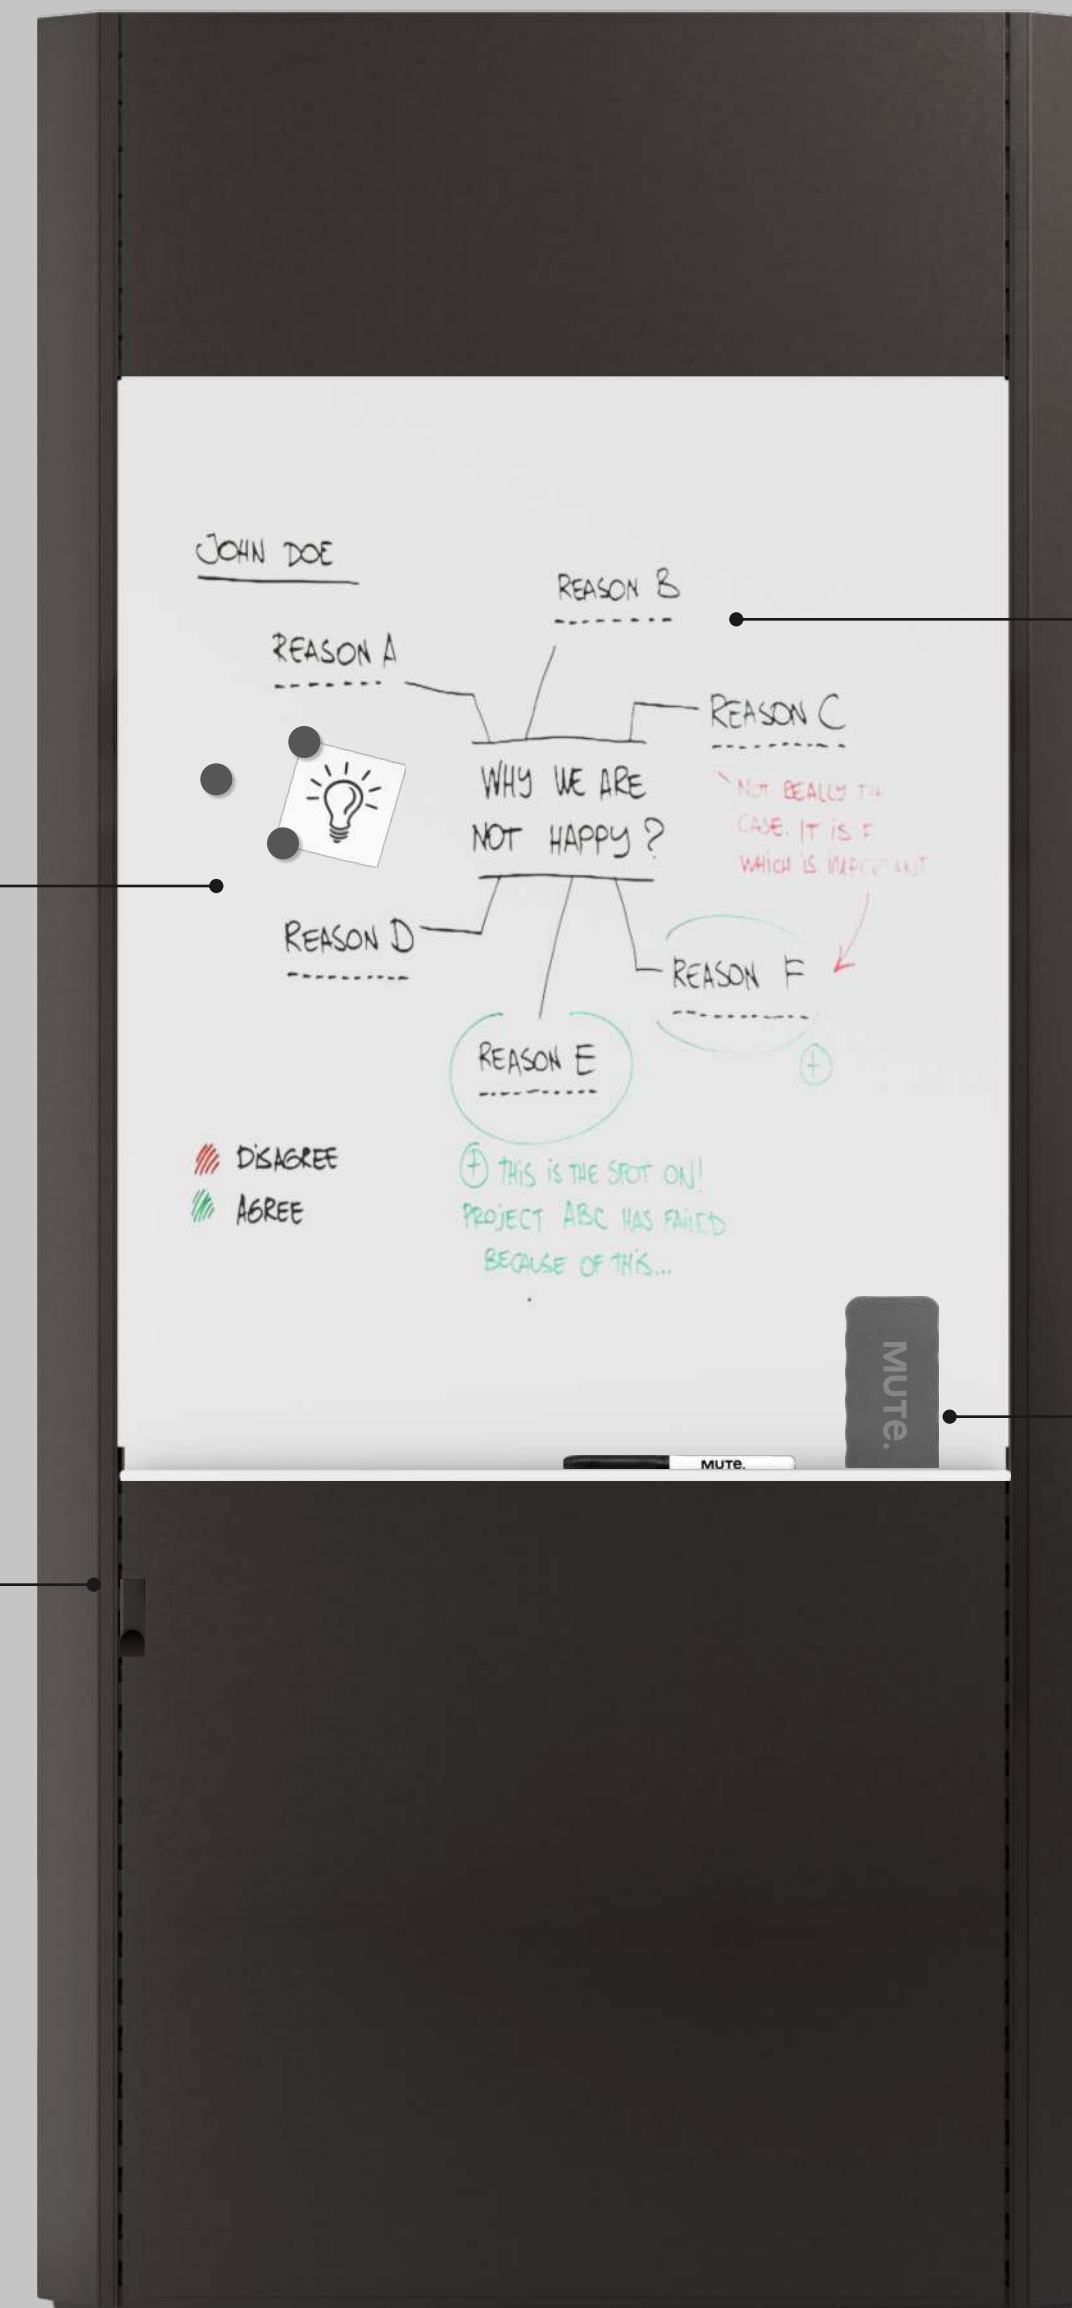

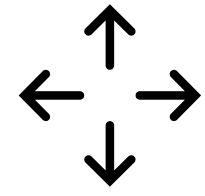

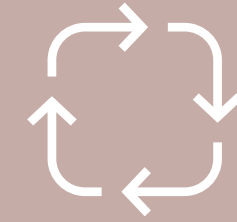

Designed for disassembly

Our engineers implemented DfD tactics to ensure the next practical use of each Jetson's part.
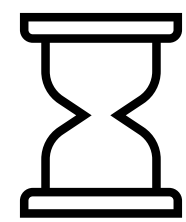

Agile equals sustainable

Easy to adapt and move. Jetson adds flexibility to your office space and makes a perfect alternative to fixed construction.

Hero aluminum

Aluminum is 70 percent recycled material that can be reused over and over again.
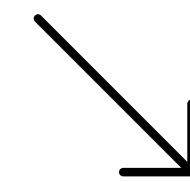

Built to last

Extruded aluminum structure means you won't need any other pod for years and years. And the planet will appreciate it.

Easy-repairable

Jetson is constructed entirely of easy-replaceable elements. So if needed, the repair is quick, cheap, and easy.

Light on CO2

Jetson's lightweight construction reduces CO2 emissions in production and transportation.

Meet ISO 9001
Environmental management system

Meet ISO 14001
Certified Production Process

Meet European Union Restriction of Hazardous Substances Directive
2002/95/EC (RoHS 1)

Conformité Européenne
