✓ Compliant      ★ Minor variations      x Non-compliant

AFRDI Blue Tick certification criteria are based on **AS/NZS 4442:2018 Office desks, office workstations and office tables intended to be used as office desks**, but may include additional requirements and variations as deemed appropriate by Furntech-AFRDI.

Products will be certified at minimum for general safety, strength and durability, and stability. Those certified with minor variations have a limited number of dimensions a small amount outside those specified in the standard. Dimensionally non-compliant products should be evaluated in relation to their intended application.

Electrical components, if present, have not been tested or certified by Furntech-AFRDI to any electrical standard or evaluated against any electrical regulation.

Testing and evaluation was conducted on the specified unit/s, or selected samples from the range, such that in the opinion of Furntech-AFRDI all items (as tabulated below) should perform satisfactorily in relation to the certification criteria. Certification is limited to the features and options depicted and listed on this certificate.

The supplier having agreed to maintain the compliance of the product and to submit to retesting and auditing as appropriate, the Australasian Furnishing Research and Development Institute hereby certifies the **product** (as specified below) under the AFRDI Blue Tick Product Certification Program.
