

Delta Collection

Designed by Emiliana Design Studio

Delta is a collection of very compact, robust and comfortable chairs and armchairs. Its design, with friendly and timeless lines, makes it particularly suitable for restaurant, meeting and leisure spaces.

In all its versions, the height of the seat, together with the design of its armrests, allows people to sit down and stand up more easily.

Delta es una colección de sillas y butacas muy compactas, robustas y confortables. Su diseño, de líneas amables y atemporales, la hace particularmente adecuada para espacios de restauración, reunión y ocio.

En todas sus versiones la altura del asiento, junto con el diseño de sus apoyabrazos, permiten a las personas sentarse e incorporarse con mayor facilidad.

2. **Delta armchair** / Structure: beech solid wood dyed Sand 26 EM
Seat: upholstered Gabriel Harmony 4102

In its armchair model with an upholstered seat on tensioned straps, it becomes a very versatile and especially comfortable seat for long periods of rest.

En su modelo de butaquita con asiento tapizado sobre cinchas tensadas, se convierte en un asiento muy polivalente y especialmente cómodo para largos periodos de descanso.

 Structure: Beech solid wood dyed White 22 EM
 Seat: upholstered Gabriel Crisp 4721

Delta Collection

Delta Collection

1.

Cushion on elastic straps for comfortable sitting during long periods of resting.

Cojín sobre cinchas elásticas para una sentada confortable en largos períodos de descanso.

2.

The space between the seat and the backrest allows breathability and avoids the accumulation of bacteria.

El espacio entre el asiento y el respaldo favorece la transpiración y evita rincones donde pueda alojarse suciedad y bacterias.

3.

The armrest protrudes from the leg to facilitate grip when sitting down and getting up.

El apoyabrazos sobresale de la pata para facilitar el agarre al sentarse y levantarse.

4.

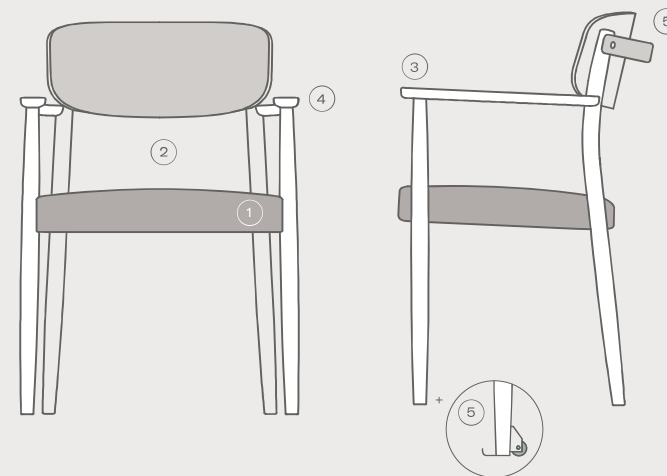

Rounded edges to prevent injuries and bruises.

Cantos redondeados para evitar heridas y contusiones.

5.

An optional handle on the back, along with small wheels on the front legs, make it easier for people with reduced mobility to get closer to and separate from the table, thus minimizing possible back injuries to caregivers.

Una asa opcional en la parte posterior, junto a unas pequeñas ruedas en las patas delanteras facilitan acercar y separar de la mesa a aquellas personas con movilidad reducida, minimizando de esta manera posibles lesiones de espalda a los cuidadores.
