

Selva Collection

Designed by Emiliana Design Studio

Selva is a collection of sturdy and highly versatile side tables designed for resting, socialising and leisure areas. The optimal height of its table tops facilitates accessibility for its users, while the ingenious design of its legs invite to hold walking sticks and crutches in an intuitive way.

The Selva collection also includes a versatile stackable stool, ideal for informal lounging in dynamic spaces.

Selva es una colección de mesas auxiliares, robustas y muy polivalentes, diseñadas para espacios de descanso, reunión y ocio. En sus dos versiones, redonda y rectangular, la óptima altura de sus sobes facilita la accesibilidad de sus usuarios, mientras que el ingenioso diseño de sus patas invita a sujetar, de manera intuitiva, bastones y muletas.

La colección Selva incorpora también un taburete versátil y apilable, muy útil para un descanso informal en espacios dinámicos.
