

MUTE.

Space S

👤 x1

Space

Made for a friendly phone call

Our one-person pod allows you to escape the office commotion and find a room for solitude.

Key benefits of a Mute Pod:

Cost-effectiveness:

The purchase and installation of our pod is more economical than building a conference room.

Plug & Play:

Ready to use immediately after a quick and simple installation. Easy to move to a new location.

Sound Mastery:

Exceptionally high level of sound insulation developed and tested by acoustic experts.

Silent & Efficient Ventilation:

Keeping you comfortable during long meetings without disturbing your colleagues.

Notable features

Standard and Video conference: **Whiteboard paint**

Standard and Video conference: **Mobility (casters)**

Standard: **Back support**

Standard and Video conference : **Control panel**

3 steps to configure your Pod

Step 1: Choose variant

Select Pod variant based on your needs:
Standard or **Video conference**.

Step 2: Design your Pod

1 Exterior walls and roof

Whiteboard paint

Custom RAL

2 Exterior frame and tabletop

Whiteboard laminate

Anti-fingerprint laminate

3 Interior walls

4 Seating

Fabric selection from Kvadrat Remix3

+64 colours

Configure your own Space S at:
www.mute.design/configurator

Step 3: Select features

Standard:

Ventilation system

1 Hook

1 Electric socket

LED Light

Occupancy sensor

Options:

Mobility (casters)

Whiteboard paint

Control panel

Twin charging USB

Phone induction charger*

LAN Connection

Stool

Back support*

Standard version*
Video conference**

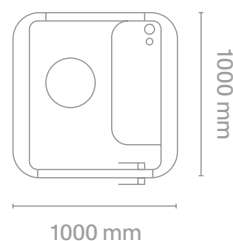

One size two functions

Space S Standard

Video conference

Technical data

Assembly time: 1,5 h / 👤 ×2

Mobility: Yes

Materials used:

- Construction: a plywood framework filled with a proprietary composition of sound isolating and absorbing materials with extra vapor control layer
- Exterior: painted metal and veneer or laminate
- Interior: felt
- Glass: soundproof glass

Parameters:

- Exterior: 1000 mm*1000 mm*2247 mm [L*W*H]
- Interior: 887 mm*805 mm*2080 mm [L*W*H]
- Door opening left- or right-handed with a width of: 700 mm
- Tabletop height: 1095 mm
- Stool height: 595 mm to 775 mm
- Weight net:
 - Standard version: 347 kg
 - VC version: 360 kg
- VESA monitor bracket, recommended screen size 24"

Acoustic properties:

- One of the best sound insulation results on the market [ask for more details]
- Very short reverberation time inside: RT20 <0,2 s
- Extremely quiet and efficient ventilation. Noise generated inside ≤ 39db / outside ≤ 35dB

Energy consumption:

- During operation 16W, in standby mode 4,5W

In perfect
harmony:

Volatile Organic
Compounds and
Formaldehyde free
